[Current Opportunities](#)

PQA Testing In Your Area

Agile Testing in Large Organizations and Distributed Teams

Join SQDG in Calgary as Janet Gregory of DragonFire Inc. presents "**Agile Testing in Large Organizations and Distributed Teams**" on October 8, 2014. Through this session, you'll take away methods and tools to help develop presents "**Agile Testing in Large Organizations and**

Distributed Teams" on October 8, 2014. Through this session, you'll take away methods and tools to help develop open communication between distributed agile teams and deal with cultural differences both within an organization and across continents. For more information, visit our [website](#).

Why Do Testers Play Games? Exploring the Science Behind Play

Christin Wiedemann of PQA Testing and Martin Hynie of Drytech International will be delivering "**Why Do Testers Play Games? Exploring the Science Behind Play**" at the KWSQA Targeting Quality Conference on October 9, 2014 in Waterloo, Ontario. For more information, visit our [website](#).

Following the Leaders: Panel Discussion - Test Leadership and Test Management

Join nbQ in Moncton as they host "**Following the Leaders: Panel Discussion - Test Leadership and Test Management**" on October 23, 2014. Hosted by PQA's Mike Trites, the panel will discuss and debate a variety of topics related to test leadership and test management, including: challenges and successes they've faced as test leaders and managers, how they got to where they are today, as well as the skills needed to transition from the role of Tester to Test Lead and, ultimately, to Test Manager. For more information, visit our [website](#).

Rapid Software Testing (RST) Course

PQA Testing is organizing a public Rapid Software Testing (RST) course in **Calgary from January 7 – 9, 2015**. This course is a three-day class in which participants will learn about Rapid Testing through a series of experiential exercises – many of which are computer-based – designed to model real-life testing situations. The exercises are supplemented with debriefs and discussions which explore and contextualize the classroom experience with life in the real world. Participants are welcome and encouraged to bring their own testing problems from the workplace for analysis and discussion in class. For more information, visit the [event page](#).

Testing Around The World

STARWEST 2014

Explore **STARWEST** in October! Network with testing enthusiasts from around the world in Anaheim, California, October 12-17 and learn more about software quality from the experts. For more information, visit our [website](#).
